

Jordan Henning

Federal Services Delivery Executive · 17+ years SSA · FAC-P/PM

York, PA · jordanhenning32@gmail.com · 330-280-0642 · jordanhenning.com · linkedin.com/in/jordan-henning · github.com/jordanhenning32

EXECUTIVE SUMMARY

Federal IT executive with 17 years at the Social Security Administration, culminating in three years as Branch Chief — directly managing 12 reports (incl. 2 team leads) with governance over a 340-technician field operation across 170 nationwide Hearings Offices serving 7,000+ employees. **Public Trust High Risk clearance** held throughout SSA tenure (2008–2025), eligible to reinstate. **FAC-P/PM certified; AWS Certified AI Practitioner (2026)**; familiar with GSA MAS Schedule, STARS III, 8(a)/SDVOSB/HUBZone, IDIQ/BPA, FedRAMP, and ATO governance. SSA Commissioner Award (2021) for emergency COVID-19 service delivery. 101st Airborne combat veteran. Now layered with hands-on multi-agent AI fluency for federal AI service delivery. Targeting **senior federal IT leadership roles** — federal contractors, federal services firms, defense AI services, or regulated commercial roles where federal experience and clearance are core.

HEADLINE OUTCOMES

- **Federal IT leadership as Branch Chief** — 12 direct reports (incl. 2 team leads), governance over a 340-technician field operation across 170 nationwide offices serving 7,000+ employees at **99.9% availability**
- **\$200M+ in IT projects delivered** cumulatively as IT Project Manager — on-time, under-budget over a 5-year tenure
- **FedRAMP-certified delivery posture** · ATO governance across SSA mission-critical systems · GSA MAS, STARS III, 8(a)/SDVOSB/HUBZone, IDIQ/BPA pursuit experience
- **20× cycle-time compression** on enterprise proposal workflow via personally-built multi-agent AI system (40 labor hours → 2)
- **100% direct-report retention** over 3 years as Branch Chief; **4 of 4 mentees** promoted into PM leadership

EXPERIENCE

Chief Growth Officer · Quadratic Digital

April 2025 – Present

- Designed and shipped **RFP Factory** — multi-agent proposal automation that compresses 40-hour cycles into 2 hours (20× reduction).
- Subcontracted Quadratic into **Nava on CMS modernization**; won **two PA ITQ vehicles**; qualified into PA Small Disadvantaged Business program; pursuing capture across GSA MAS, STARS III, 8(a)/SDVOSB/HUBZone, IDIQ/BPA.
- **FedRAMP-certified delivery posture** with ATO-aligned controls — federal compliance baseline as the starting point, not an afterthought.
- Executing cross-sector growth strategy across federal and commercial markets; winning strategic contracts in regulated environments where service delivery and AI maturity have to coexist.

Branch Chief, Hearings Office IT Oversight · Social Security Administration

January 2022 – April 2025 · Baltimore, MD

- **Reduced system downtime 20%** through enhanced monitoring, dashboards, and ITIL-driven continual service improvement.
- Owned end-to-end service strategy, incident/escalation management, and SLA/KPI governance for a 24/7 federal operation; **FedRAMP / ATO governance** across mission-critical systems; multimillion-dollar budgeting, procurement, and lifecycle refresh.
- **100% direct-report retention** across three-year tenure (12 direct reports, incl. 2 team leads; governance over a 340-technician field operation).

IT Project Manager (FAC-P/PM Certified) · Social Security Administration

September 2016 – January 2022 · Baltimore, MD

- Spearheaded the **emergency COVID-19 medical document upload system** on MySSA — earned the SSA Commissioner Award. Partnered with the VA in 2016 on cross-agency disability-evidence sharing to accelerate veteran benefit approvals.
- Led **centralized print services consolidation** — single-vendor architecture saving the agency millions annually; implemented agency-wide BI platform (Tableau + WebFocus); consolidated 7 legacy ODS into one Appeals Database.
- **Mentored 4 project managers**, all promoted into program leadership.

Systems Analyst · Area Systems Coordinator · Claims Representative · Social Security Administration

August 2008 – September 2016 · Baltimore, MD

- Reduced downtime 20% across high-volume beneficiary systems; delivered Tier-3 IT support across multiple field offices; contributed to early MySSA iterations.

Earlier: U.S. Army, 101st Airborne Division (2001–2009) — one combat tour (Iraq). · Software Developer at MTD Products (2007–2008).
